

Holden Lane Primary School Physical Education Overview

Subject Leadership

Mr Gibson is the PE subject leader. Holden Lane Primary School achieved the Gold Schools Games Mark in 2019. The school was awarded two certificates during the Summer Lockdown 2020—the School Games Mark and Virtual School Games Mark. The PE action plan reflects the areas to develop from gaining the School Games Mark

EYFS

Each area is delivered through child and adult initiated indoor and outdoor activities to develop fine and gross motor skills. Through Personal, Social and Emotional Development, healthy lifestyles and managing self skills are encouraged daily and explicitly taught.

Key Stage One

Pupils are taught to master basic fundamental skills including running, jumping, throwing and catching. They are encouraged to participate in team games, developing simple tactics. Pupils are taught to dance, creating simple pattern movements.

Key Stage Two

Pupils develop a broader range of skills, learning how to link them to form sequences of movement. Pupils communicate, collaborate and compete with each other. They develop an understanding of how to evaluate and improve their performance.

Assessment

Assessment takes place through observations of pupils' abilities to perform actions based on the school's progression of skills document. Subject knowledge is assessed formally at the end of each unit of learning.

Progression

Progression is developed through following the National Curriculum for PE and the whole-school progression of skills document. Pupils are judged as being emerging, developing or secure.

Enrichment

Educational visits and visitors enhance learning, develop pupil confidence and promote inclusive sport participation. This provides opportunities to make links with the wider community and achieve personal bests.

Pupil Voice

Pupils are encouraged to voice their opinion of their learning in PE through Sport Leader and Playground Leader meetings.

Parent Voice

Parents are invited to attend Sports Day each year. Termly class newsletters outline the skills and knowledge being taught.

Link Governor

Nigel Edwards is the governor responsible for overseeing the teaching and learning of PE.
