

# Holden Lane Primary School

## Physical Education Overview

### Subject Leadership

Mr Gibson is the PE subject lead. Holden Lane achieved Gold in Schools Games Mark in 2022/23. This success has built upon the previous awarding of Gold status from 2018/19, 2020/21 and 2021/22. Holden Lane was also awarded two certificates through the Lockdown 2019/20, School Games Mark and Virtual School Games Mark.

#### EYFS

Each area is delivered through child and adult initiated indoor and outdoor activities to develop Fine and Gross Motor Skills. Through Personal, Social and Emotional development, healthy lifestyles and managing self, skills are encouraged daily and explicitly taught, including interventions if needed.

#### Key Stage One

Pupils will be taught to master basic fundamental skills including running, jumping, throwing and catching. They will be encouraged to participate in team games and developing simple tactics. Pupils will also be taught dance, creating simple pattern movements and beginning to analyse their own work and performance.

#### Key Stage Two

A continuation of mastering fundamental movements are encouraged and using these in competitive game situations. Pupils will be encouraged to develop strength, flexibility and control through dance, athletics and gymnastics. Outdoor challenges and Personal Bests are given throughout in response to their learning. Swimming is delivered externally to achieve a confident 25metre swim and water safety.

#### Assessment

Assessment takes place through observations of pupils' ability to perform actions based on the schools progression of skills document. Each pupil assessment is formulated by coaches and teacher observations at the end of each unit of learning.

#### Progression

Progression is developed through following the National Curriculum for PE and transformed into a whole school skills document. Pupils are judged as Working Towards, Expected and Greater Depth against the agreed standards.

#### Enrichment

Pupils take part in sporting visits and visitors which enhance learning and develop sport confidence and inclusive sports participation. This provides opportunities to make links with the wider community and achieve personal bests.

#### Pupil Voice

Pupils are encouraged to voice their opinion of their learning in PE through Sport Ambassador and Playground Leader meetings.

#### Parent Voice

Parents are invited to attend Sports Day each year. Parents have also been involved during Virtual School Sports from home. In 2020, parents were involved in collecting their views for the Active Lives survey.

#### Link Governor

Nigel Edwards is the governor responsible for overseeing the teaching and learning of PE as well as School Sport and Physical Activity.
